

FEDERAL INJUNCTION ORDERS STRIKE DELAYED

PRESIDENT PUTS COAL PRICES ON WAR COST TODAY

Executive Order Fixes Prices Mines May Charge Public.

By Associated Press Leased Wire
Washington, Oct. 31.—An executive order fixing the maximum prices for bituminous coal was signed today by President Wilson. Prices of anthracite are not affected.
The maximum prices are fixed by states and for prepared sizes range from \$1.60 a net ton at mine mouth to \$2.60.
Rules set up during the war governing the margins of profits of middlemen and wholesale and retail dealers were re-established and Fuel Administrator Garfield was given all the authority to regulate production, sale, shipment, distribution, apportionment and storage or use of bituminous coal that he had during the war.

MOVE FOR PUBLIC WELFARE
By Associated Press Leased Wire
Washington, Oct. 31.—Injunctions restraining the officers of the United Mine Workers of America from conspiring to violate the food and fuel act will be sought by the government today at Indianapolis, it was said at the white house.

It was explained that while labor naturally opposed government by injunction, in this case the government was moving for the public welfare. Inquiry was made at the white house as to the government's plan of action after the Department of Justice refused to discuss the purposes of Assistant Attorney General Ames' visit to Indianapolis.

Applications for injunction will shift the government's fight to the heart of the coal territory and will actually mean the first offensive warfare to prevent industrial chaos by the closing of the soft coal mines. Frequent meetings of the cabinet will be held to keep in touch with the situation here.

PREPARE FOR SHOCK
By Associated Press Leased Wire
Washington, Oct. 31.—With only a few hours remaining before the country is brought face to face with a strike of bituminous coal miners, the government, fully aroused to the seriousness of the situation, made final preparation today to meet the shock of the disruption of the fuel supply.

Only two things, it was believed, can avert the strike, an eleventh hour change of the strike leaders' plans or a federal court injunction restraining the miners from walkout.

President Wilson had before him today for his signature the order restoring the maximum bituminous coal prices prevailing when the fuel administration was dissolved and providing for allocation of coal with the exception of munition factories on the war basis. The order was formulated at a conference last night between Dr. A. H. Garfield, fuel administrator, and railroad administration officials.

Do Not Look For Suffering
With the available soft coal supply augmented by the capacity production of anthracite mines and the substitution of wood actual suffering on the part of the public in the event of severe weather during the strike, is not believed likely.

**Milk Producers
Cleared By Jury**
Chicago, Oct. 31.—The eight members of the Illinois Milk Producers' association, who have been on trial in Judge Fitch's court on charges of conspiracy, were found not guilty by a jury at 9 o'clock last night. The jurors, who had deliberated since 3:40 o'clock in the afternoon, returned eight separate verdicts, each bearing the name of a defendant. The defendants arrived in court at 9:20, when the verdicts were read. A general exchange of congratulations ensued.

The defendants were Charles H. Potter, Clinton J. Cooper, William A. Goodwin, Arnold Huber, and Roy Lewis, the directors of the milk producers' association; W. J. Kittle, secretary; Frank H. Reese, treasurer, and Robert M. Omann, chairman of the campaign committee.

**DIVORCED COUPLE
TO BE RE-MARRIED**
(Special to The Telegraph.)
Chicago, Oct. 31.—The remarriage of Charles E. Anderson, of Nelson, and his wife, from whom he was divorced in the Sterling City Court a few months ago, is indicated by the issuance of a marriage license in the Cook County Clerk's office.

HALLOWE'EN

Hallowe'en—the festival of boyhood, again is at hand. All over this broad land of ours, from the Great White Way in old New York to the cross-roads town that boasts only of a blacksmith shop and Si Holler's general store, the spirit of the night of pranks will make itself felt. Hallowe'en parties will occupy the attention of the smart set in the big city and little Willie will sit astride the old rail fence on the lonely farm and poke his pumpkins lantern at the stranger who rolls indifferently by in his automobile.

Do you recall—your sober, gray-haired head of a family—what Hallowe'en meant to you when you were a boy? It seems a long way back over the trail you have come as you sit tonight and think of Hallowe'en so long ago. Don't you remember the old gingham dress and sunbonnet mother gave you when you rigged up to call upon your neighbors? Do you recall the bobbing for apples at the taffy-pulling Shinner's mother gave for him one Hallowe'en, and how you frightened the girls by holding a false face up to the window? Remember the time you rigged a tick-tack on Widow Perkins' door and how cheap you felt when she invited you in and gave you pop-corn and cookies?

How about the turnip patch that lay at the edge of town? Has anything ever since tasted half so good as those raw turnips stolen on Hallowe'en? And what of the gate and old wagons and porch furniture that you piled on top of the school house?

Boys don't have as much fun nowadays as they did then. You're right. The Hallowe'en of today is marred by the presence of the policeman and many towns arrange public carnivals at which there is a parade of masqueraders that day.

This is done to distract the attention of the boy and help him to circumscribe his desires and keep himself within due bounds.

Come, now! Think of what you used to do on Hallowe'en and then feel sorry for the youth of today.

**JAPAN RATIFIES AND
LEAVES U. S. ALONE
OF FIVE BIG POWERS**
Sufficient Number Have
Ratified to Make Treaty
Effective.

By Associated Press Leased Wire
Tokio, Thursday, Oct. 30.—The Emperor today ratified the Versailles peace treaty.

Tokio advices received Thursday announced the ratification of the German peace treaty by Japan. It is clear from the foregoing that the ratification was by virtue of Imperial action. It was not preceded by any action by the parliament, the constitution of Japan not requiring the assent of the legislative body.

Previous advices had shown that the treaty had been examined by the privy council and that at a meeting on Monday last it was approved by the council without reservation and submitted to the Emperor.

Japan's favorable action on the treaty leaves the pact unratified by only one of the five great powers signatory to the Versailles convention—the United States. It had previously been ratified by the parliaments of Great Britain and France; which later completed all the processes of ratification.

Italy ratified the treaty by royal decree, which it had been held must have the approval of parliament. It seems to have been conceded however, that the royal confirmation of the document was sufficient to bind Italy in her relations with the other powers. This point however, loses something in international importance by reason of Japan's ratification.

The terms of the treaty stipulated that the ratification by three of the principal powers puts it into effect as to those powers and puts it into effect as to those powers and Germany. Japan's ratification in addition to the definite approval of the document by Great Britain and France furnishes the required number of agreeing powers without regard to the action of Italy.

The only formality remaining is the issuance by the French government of a process verbal announcing the ratifications made and declaring the treaty in effect. The European powers that have ratified have deposited copies of the ratification document in Paris. Japan will not be required to take this action, the treaty providing that powers of which the seat of government is outside Europe, will be entitled merely to inform the French government through their diplomatic representative in Paris that their ratification has been given, and the instrument of ratification to be deposited as soon as possible later.

GAME WARDEN SAUER, ERNEST S. BUCHMAN ANSWERED LAST CALL

Little Harriet Dickinson
Also Summoned By
Her Creator.

Alexander Lester Sauer, deputy state game warden for this district, passed away at his home in Amboy Thursday morning at 4 o'clock, death resulting from complications which followed an attack of summer influenza. Mr. Sauer had been ill less than two weeks and his death came as a sudden shock to the wide circle of friends and acquaintances he enjoyed.

The deceased was born in LaSalle county near Earlville, January 5, 1886, the son of John W. and Anna Sauer. He was united in marriage to Miss Ella May Kline at Amboy, January 31, 1906. He engaged in the real estate and insurance business in Amboy where the couple made their home, remaining in this business up to the time of his death. He was appointed to the office of deputy state game and fish warden by Governor Frank O. Lowden, which position for this district is left vacant by his death.

During his residence in Amboy, Mr. Sauer was one of the foremost boosters for that city. He was well known throughout the county and his host of friends will be sorrow stricken at the news of his sudden taking. He was a member of Illinois Central lodge, No. 178, A. F. & A. M., and the Eastern Star. Surviving are his wife and two sons, Vernon and Kline, aged 12 and 7 years respectively. One brother, Dr. Clarence Sauer, of Chicago, also survives.

The funeral will be held from the Methodist church at Amboy Sunday afternoon at 1:30. Rev. Joseph Burrows, officiating. The Masonic lodge of which he was a member will have charge of the services at the grave in Prairie Repose cemetery where interment will be made.

ERNEST S. BUCHMAN.
Ernest S. Buchman, well known in this city, passed away at the Amboy hospital last evening at 5:50, death resulting from an operation for acute appendicitis, which he underwent at the hospital Sunday afternoon. Mr. Buchman, who is manager of the T. Wilbur Leake farm at Temperance Hill, was taken suddenly ill Sunday morning at his home. Dr. Ziegler, of Amboy, was summoned and Dr. Angerer, of Sublette, was called into consultation after which the patient was removed to the Amboy hospital where the operation was performed and from the effects of which he appeared to be recovering.

His condition was very favorable until yesterday, when he suffered a relapse and death ended his suffering last evening. Mr. Buchman was 39 years, eight months and 21 days of age, and had been in the employ of Mr. Leake for a period of 20 years.

He was master of the Lee Center lodge of Masons and was also a member of Amboy chapter of Royal Arch Masons as well as being a member of the Eastern Star of Amboy. Funeral services will be held from the Methodist church at Amboy Sunday morning at 10:30. Rev. Joseph Burrows in charge. The services at the grave in Prairie Repose cemetery will be in charge of the Masonic bodies of which he was a member.

Mr. Buchman is survived by three brothers: Frank of China township, Edward of Minnesota and Louis of Leland, and six sisters: Martha of South Dakota, Anna of Franklin Grove, Emma of Chicago, Alvina of Arkansas, Henrietta and Clara of Dixon.

HARRIETT F. DICKINSON.
Harriett Fay Dickinson, seven months old daughter of Mr. and Mrs. Ollie A. Dickinson, of Amboy, died at the family residence in that city yesterday, death being caused by an attack of acute gastritis. The child was born in Amboy, March 9, of this year, and is survived by its parents. The funeral was conducted from the family home at 2:30 this afternoon, burial taking place in Prairie Repose cemetery.

**MOOSE FOLLIES IN
2nd PERFORMANCE**
The final performance of the Moose City Follies, given at the opera house last evening, drew a large audience despite the continued unfavorable weather, and as was the case in the first presentation of the entertainment the audience was greatly delighted with the talent shown by the young people and the precision with which the performance moved.

**FATHER OF DIXON
LADY DIED IN WEST**
W. E. Smart, a former Sterling tailor, father of Mrs. Walter Raffensberger of this city, passed away at his home in Los Angeles, Calif., at 4 o'clock Thursday morning, death resulting from paralysis with which he was stricken ten days ago. For over 25 years the deceased was in business in Sterling moving to the California city about six years ago.

Mrs. L. E. Edwards would like to meet all the members of the Methodist choir at the church this evening at 7:30 as there is new music to be given out.

PERSHING SAYS WE DO NOT NEED ARMY OF 500,000

Smaller Standing Force
and Big "Citizen Army," He Says.

By Associated Press Leased Wire
Washington, Oct. 31.—Disagreeing with War Department recommendations for a permanent army of 500,000 men, Gen. John J. Pershing today told a joint meeting of the senate and house military committees that he thought the number could be placed at "an outside figure of 275,000 to 300,000, and possibly less."

The cost of maintaining a large army, the general said, was an element, which in his opinion, would make it impracticable to set the figure any higher.

Need Citizen Reserve
The general made a plea that the nation keep abreast of other countries in development of the air service and said it also was essential that the transport corps, nurse corps, and tank corps be made adequate. He thought the number of officers of high rank provided for in pending legislation was "rather excessive."

The general said the regular army should be sufficient to protect the nation against sudden attack and to meet America's international obligations both on the American continent and elsewhere and that this should be backed by a "trained citizen reserve."

By Associated Press Leased Wire
Washington, Oct. 31.—Members of the senate and house military committees in addition to hearing at first hand the story of the part played in the world war by the American Expeditionary Forces expected to obtain the future military policy of the nation when Gen. Pershing appeared today before a joint session of the two committees.

Chairmen Wadsworth and Kahn, of the senate and house military committees, respectively, have announced that the testimony of the expeditionary commander would close the hearings, during which the views of Secretary Baker, General March, chief of staff, divisional commanders of the overseas army and officers of the general staff have been expressed. The two committees will begin drafting permanent military legislation immediately after hearing Gen. Pershing. It is not considered probable, however, that either house will be able to act on the legislation before the convening of the regular session in December.

Gen. Pershing who appeared at a special session of the committee which are considering a permanent military policy, said universal military training was essential to preparedness.

"Military training makes better citizens," he declared. "Its benefits should be extended to all young men. Through service it increases their physique, it broadens their view of life and it's democratic."

With universal service established, he continued, the military establishments could be made up first of a small party of regulars—"sufficient for expeditionary forces, which may be called out to sustain our obligations on the American continent," and garrison outlying possessions—which would be backed up by a force in training and behind that a citizen reserve.

Gen. Pershing discussed in detail the army reorganization bill pending before congress.

"In our experience in France," he said, "it became evident that a transport corps to include all classes of personnel rail, water and highway should be maintained."

"The experience with the air service makes it certain that this will be an element of increasing importance in warfare, America should not be allowed to lag behind other countries."

"It might be well to consolidate air forces, military, naval and commercial under a single head as an assistance to progress."

The general also urged retention of a tank corps. He also said the nurse corps deserved recognition and he praised its service during the war.

**SUIT IS STARTED
IN STOCK SALES
PAVILION CASE**
The latest development in the matter of the new stock sales pavilion in De-mentown is the commencement of a suit by the city against officers of the sales pavilion association, charging them with keeping pigs inside the city limits. The complaint is signed by Mrs. Emma H. Zoeller, who owns property adjoining the pavilion. Judge R. H. Scott, city attorney, will appear for Mrs. Zoeller and Hon. John P. Devine will represent the officers of the association. The case will be a test in the matter involved and is set for November 10, at 2 p. m.

**NORTH DIXON BOY
BROKE RIGHT ARM**
Robert Preston, the 9-year-old son of Walter L. Preston, fractured his right arm at the elbow yesterday afternoon at the North Dixon school, when he was tripped by a schoolmate. The fracture was of such seriousness that an X-ray picture was necessary before it was reduced and it was also essential that the little patient be given an anesthetic. After the fracture had been attended to at the office of a local surgeon the little fellow was taken home in his father's ambulance.

CHICAGO AND STATE MILITARY PREPARE; STRIKE SEEMS SURE

Central Army Department
Prepared to Use Troops
On Notice.

By Associated Press Leased Wire
Chicago, Oct. 31.—Coal mine operators in the Chicago district today apparently held out little hope that the day would bring developments that might stay the putting into effect at midnight tonight of the general strike of union miners. High officials of the central department of the United States army and the Illinois militia forces went ahead with preparations for the possible use of the soldiers in connection with the big walkout.

Chicago Has 10-Day Supply.
The coal supply in Chicago was estimated as enough for ten days and reports from the state were that a forty-five days' supply was available.

Col. E. H. Humphrey, chief of staff to Maj. Gen. Leonard Wood, commander of the central department, today was on his way to Huntington, W. Va., as the general's representative to investigate conditions in the West Virginia coal fields. A provisional battalion of 800 men from Louisville, the first federal troops to be sent to the coal fields under the government's plans for combating the strike, left early today.

Maps of the fifteen states comprised in the army central department today were being prepared at headquarters to show the location of all coal mining properties.

Frank S. Dickinson, state adjutant general, was authority for the statement that Illinois was prepared to meet any emergency. There are eleven regiments of Illinois state militia and organized national guard.

Amedee J. Casey, editor of the American Coal Journal, predicted the strike would end within ten days.

ILLINOIS UNIONS READY.
By Associated Press Leased Wire
Springfield, Ill., Oct. 31.—Preparations are going forth at state headquarters of the United Mine Workers here this morning for the strike of bituminous coal miners which goes into effect tonight at midnight.

President Frank Farrington of district 12 of the miner's union, comprising Illinois fields, is expected to return to this city today from Indianapolis, where he has been meeting with other union officials. In his absence, members of the executive board here decline to make statement as to their plans.

A notice about the falling off in the number of workers who appear at the shafts this morning is expected. It is believed that many of the men will not await the blast of the whistle this evening to leave their duties, but will fail to show up at their posts this morning.

State officials have nothing further to say on policy in regard to the strike, aside from previous announcements. Gov. Lowden already has made his stand clear in his statement last Sunday, in which he pledged co-operation with President Wilson in efforts to avert the tie up.

Protection of mining property by state troops in case of disorder is practically assured by commanding officers.

EVERY MAN WILL STRIKE.
By Associated Press Leased Wire
Seattle, Wash., Oct. 31.—Every coal miner in Washington will strike at midnight, Robert H. Harlin, president of district No. 10, United Mine Workers of America, said here today when told of the injunction granted in Indianapolis.

TOO LATE TO RECALL.
By Associated Press Leased Wire
Charleston, W. V., Oct. 31.—It is now too late to recall the bituminous coal strike order in the opinion of President Frank Kenney, of district No. 17. He said, when told of the Indianapolis injunction that he had nothing to say officially, other than that it would be impossible to prevent the men from going out.

WILSON'S PROPOSAL.
By Associated Press Leased Wire
Washington, Oct. 31.—Secretary Wilson's proposal to the United Mine Workers of America, to which Acting President John L. Lewis made public reply yesterday was that the miner's executive council reconvene immediately the delegate convention to reconsider the whole wage question in the hope of averting the strike.

TROOPS MOBILIZED.
By Associated Press Leased Wire
Washington, Oct. 31.—Additional troops, drawn from military departments which apparently will not be concerned with the coal strike, have been moved to points in the central department and placed under command of Gen. Wood, Secretary Baker said today.

Lieut. Gen. Bullard, commanding the eastern department, which includes part of Virginia and West Virginia, also will be given reinforcements.

YANKS GONE ABROAD.

Paris, Oct. 31.—(Havas)—The United States army transport President Grant with 5000 American troops on board, who are destined for Coblenz, arrived at Brest today.

STRIKE WILL GO ON DESPITE INJUNCTION SAY MINE UNION MEN

Union Chiefs Defiant—
"Nothing Can Stop
Strike."

By Associated Press Leased Wire
Springfield, Ill., Oct. 31.—Assuming a defiant attitude toward the government's move to stop by injunction the threatened strike of soft coal miners, Frank Farrington, chairman of the miner's scale committee and president of the Illinois district, declared today the "strike had developed into something more than a miner's strike," and that it was "an attempt to enslave the working men and women of the country."

"I don't believe there is any power on earth that can stop the miners from going on strike tonight," Farrington said. "The action of the government will only inflame them. The question involved now is whether working men and women have the right to strike when they think they have cause to do so."

Illinois miners' officials were without official notification of the issuance of the injunction at Indianapolis.

"Will Breed Radicalism."
Branding the act of the government in obtaining the injunction as the "most far-reaching and high-handed restraining order ever issued by a court in this country," Farrington declared its influence to breed radicalism was unlimited.

"Nothing that I know of could have a tendency to incite bolshevism in this country as this restraining order will do," said Farrington. "All the agents of Lenin and Trotsky and the influences at their command could not do as much to create bolshevism in this country as the injunction granted by Judge Anderson will do."

"Are Going Through."
"We are going through with the strike," Farrington declared. "Labor is bound to fight this injunction. If it stands it is within the power of any court to enslave the working man and woman any time the court decides to do so."

"If this injunction stands there will be a lot of us deceived as to the liberties we thought American citizens enjoy. The restraining order is a blow at the very heart of free institutions of our country."

TOO LATE TO STOP.
By Associated Press Leased Wire
Springfield, Ill., Oct. 31.—Determination of the nation's soft coal miners to strike has reached a point where it is beyond the power of any force to prevent the cessation of work at midnight tonight, according to Frank Farrington, chairman of the miner's international scale committee.

Farrington, who is president of the Illinois district, was at his desk today to direct the fight in this state which will affect 90,000 men and cut off production at the rate of approximately \$5,000,000 tons a annually.

Men Are Determined.
"It is too late to try to stop this strike," President Farrington declared. "The men have made up their minds to go out and nothing can deflect them from their purpose."

Although the strike call fixes midnight tonight as the effective hour the stoppage of production will begin so far as Illinois is concerned between 4 and 5 p. m. today, when the day shifts are hoisted from the workings. This force, Farrington said, comprises about 80,000 of the 90,000 miners.

Reports at state headquarters indicated that very few men remained away from their work this morning in anticipation of the shutdown only a few hours distant.

Mr. Farrington was preparing a statement directed to Illinois miners in which, it was indicated, the membership of the union will be instructed as to the way in which they will be expected to conduct themselves during the tie-up. Strike leaders, it was said, are urging the rank and file to give no cause for criticism and to do nothing that will provoke the use of force by authorities.

SAYS STRIKE GOES ON.
By Associated Press Leased Wire
Bay City, Mich., Oct. 31.—The injunction issued at Indianapolis will not prevent a walkout of the approximately 2,400 miners in Michigan district No. 24, United Mine Workers of America, according to William Stevenson, district president.

QUIT AS SCHEDULED.
By Associated Press Leased Wire
Pittsburgh, Pa., Oct. 31.—Injunction proceedings in Indianapolis will make no change in the strike situation in western Pennsylvania, officials of district No. 5, United Mine Workers of America, said this afternoon. "Our preparations are going right along, and the men will quit as scheduled," was the word which came from the office of President Philip Murray.

WANT LEVER ACT EXTENDED.
By Associated Press Leased Wire
Washington, Oct. 31.—Extension of the Lever food control act six months after confirmation of peace, was requested of congress today by Attorney General Palmer. In his letter to Speaker Gillett, Mr. Palmer did not go into the reasons for his request, but said he would be glad to explain it before any congressional committee.

BULLETIN.
By Associated Press Leased Wire
Indianapolis, Ind., Oct. 31.—A temporary injunction obtained here today by the government cannot avert the strike of bituminous coal miners set for midnight tonight, according to John L. Lewis, acting president of the United Mine Workers of America. Lewis' pronouncement came shortly after he had been served with a writ stopping strike activities at union headquarters here.

Lewis dictated the following statement: "I regard the issuance of this injunction as the most sweeping abrogation of the rights of citizens guaranteed under the constitution and defined by statutory law, that has ever been issued by any federal court. This instrument will not avert the strike of bituminous mine workers and will not settle the strike after it occurs. The injunction only complicates to a further degree the problems involved in an adjustment of the controversy."

TEMPORARY INJUNCTION.
By Associated Press Leased Wire
Indianapolis, Ind., Oct. 31.—A temporary injunction restraining all strike activities of the United Mine Workers of America was issued in the federal district court here today on application of the United States government. Judge A. B. Anderson signed the order on the showing set forth by C. B. Ames, assistant attorney general, that a national disaster was impending and on the broad general grounds that the government has the right to enforce its laws and protect its people from calamity.

Against Union Heads.
The order was directed against Frank G. Hayes, the incapacitated president of the union; John L. Lewis, acting president; William Green, secretary-treasurer and all other officials of the organization. It took effect when served and will continue in force until after the formal hearing which Judge Anderson set for Nov. 8.

Merely Involves War Rules.
In presenting the petition Judge Ames made it clear that the case will not involve the general right of workmen to organize or quit work. He said it would have no bearing on other industries, and "merely involves the right of labor during the war to restrict or destroy the supply of food and fuel."

"It rests," he added, "on the broad general powers of the government to enforce its laws and to protect its people against disaster."

The order enjoins the officials from starting or encouraging the strike on the broad general grounds that a disaster threatens the country and the strike would tie up the transportation systems of the nation.

Under the order, the union officials are forbidden to send out any other orders, written or oral, tending to promote the strike or in any way make it effective. They are restrained from sending any "messages of encouragement or exhortation," or from disbursing any union funds as strike benefits.

MAY WORK CONVICTS
By Associated Press Leased Wire
St. Louis, Mo., Oct. 31.—The American Mining Congress will do all it can to bring the coal strike, due at midnight, to a speedy conclusion, John T. Burns, assistant secretary of the congress, announced here today.

State institutions have only a few days' coal supply, it is said.

Gov. Frederick D. Gardner is considering putting convicts to work in the mines to produce fuel for the state institutions, advices from Jefferson City stated. Under Missouri laws the governor can do this.

Approximately 11,000 miners in the Belleville, Ill., district, will quit work tonight unless the strike is called off, it was announced.

SOME MINES TO WORK
By Associated Press Leased Wire
Denver, Colo., Oct. 31.—Action of the United Mine Workers in exempting 23 mines in Colorado from the strike order effective at midnight will result in the production of 15,334 tons of coal daily, or thirty per cent of Colorado's normal output, according to a statement today by John G. Kerr, secretary of the Colorado Coal Operators' association.

QUIT AS SCHEDULED.

SANDRA THE JEALOUS

By JANE PHELPS.

BARRETT EDMONDS CALLS AND TALKS OF ROSE KEMP.

CHAPTER XXIII.

Everett was strangely quiet all the way home from the theater. Someway, I felt sorry for him. He wasn't to blame for being old, if he were to blame for marrying me. Finally I stole my hand into his, and his closed around it in a strong warm clasp.

"Am I so horribly old, Sandra?" His question was asked in a whimsical manner, but I knew he had been hurt.

"I never think of your being old except when you are stern and cross with me; or when you treat me like a child. Then I think of you as older, but never at any other time."

"I suppose you are referring to my insistence that Miss Lane remain with us? Oh, Sandra, when will you learn? I cannot, for the sake of humoring your likes and dislikes, allow the boy to suffer. What do you know of taking care of a baby—of children's diseases—of what to do for him when he is fretful? I don't want you to lose your looks by being deprived of sleep. And until he is older we cannot trust him with some young thing, simply because it would please you better to have her around, than to have a competent, settled woman like Miss Lane. When he is older we can have one of the trained nurses for children. Until then we must have Miss Lane, or someone like her."

"I said no more just then. He had spoken kindly. I had noticed before that whenever anyone spoke of Leola or anything he had done (like marrying me when I was so young), he was always rather obviously kind. I sometimes wondered if he felt sort of guilty."

The next day Mrs. Barton called.

"I heard you were at the theater, last night, so felt I might run in and see that baby I hear so much about."

"Indeed you may?" I replied. All feeling of jealousy had left me since Irma Barton had told me she was to be married, and we had been friendly. We never would be intimate.

I sent Hetty for the baby.

Tell Miss Lane a friend of Mr. Graham's has called, and wishes to see Junior." I explained. I half feared she might refuse to allow him to be disturbed. She often had, when he was asleep, or feeding.

Irma Barton looked keenly at me.

"Nurses are awful autocrats aren't they?" she asked. "But it makes a perfect slave of a woman not to have a good one, one who understands children." It was one of her uncanny speeches. It seemed always she could read my thoughts.

"Miss Lane is very competent, the doctor says." I said demurely, then as I caught the twinkle in her eye, we both laughed.

"It's no use, Mrs. Graham, you don't like her, and hate to have her bossing your baby—usurping your rights. But be glad you have some one to relieve you of responsibility while he is so young. Oh—what a darling!" she broke off as Hetty came in with the baby.

"Oh, you precious angel!" and for the remainder of her visit her attention was all given to Junior. As she gave him to me, saying she must go, she remarked: "I expect that husband of yours is at last satisfied. I know he has always longed for a son."

"Yes, I think he is," I responded gravely. But she was hurrying out and didn't seem to notice. I was ready to cry, but had not time because Barrett Edmonds came in right away.

"Have you heard from Rose lately?" he asked after he, too, had admired the baby, before I sent him back to Miss Lane.

"Yes, I had a letter the other day. Why?"

"Nothing much. But I have just been to Chicago. Kemp is up to his old tricks. I hope it is nothing more serious. But his name is being linked with that of a wealthy widow in a way that looks bad for Rose. Poor girl, why in the world did she run off with that lady-killer?"

"She was absolutely infatuated. Barrett, I do hope things aren't as bad as you think. It would be terrible for her if he should leave her. Did you see her?"

"Yes, but she didn't see me. I passed her in the street. She was with him, and had been crying. She has gone off terribly in her looks. She looks ten years older. I should have stopped and spoken, but they seemed to be having a heated discussion over something, so I passed on."

"I used to build air castles about you and Rose," I told him.

"There never was a chance, little lady," he said. And for some reason there was that in his tone that made me blush furiously.

Attorney A. M. Hamilton of Toledo opened offices in this city.

Funeral of Judge Carnes Was Today

DeKalb, Ill., Oct. 31.—The funeral of the late Judge D. J. Carnes was held this afternoon from his home in Sycamore. It was expected that many hundreds of his friends from all over northern Illinois would be present.

Supreme Court Judge Orrin N. Carter and James Cartwright and Judge Dibel who sat on the appellate bench with Judge Carnes were funeral orators.

Wife Failed to Reach Bedside.

Death came while Mrs. Carnes and a brother of the judge were on their way to Ottawa. They were notified yesterday afternoon that all hope was gone, but were unable to get to Ottawa before the hour of death. Mrs. Carnes was called from the bedside of her daughter at Rockford, an only daughter, who has been seriously ill since the death of her husband several months ago.

It had been the custom of Judge Carnes since he was elevated to the appellate bench to occupy a room in the court house at Ottawa while court was in session. He died in this room, where he had been under the constant care of a nurse from the day he was taken ill. Mrs. Carnes had been with her husband almost constantly, but was called to the bedside of the daughter in Rockford last Sunday.

Dean of Circuit Judges.

Judge Carnes was the dean of the judges of the circuit court in this district. He was elected August 26, 1907, to fill the out the unexpired term of the late Judge C. H. Bishop. Two years later he was re-elected to his first full term.

CLASS RUSH AT U. OF I.

Urbana, Ill., Oct. 31.—That a changed Illinois line-up will confront the Maroons at the Home-Coming game next Saturday seems certain. Coach Zuppke has been trying out many new candidates and it looks as though several of the regulars would be displaced. Smith at end, Petty at tackle, Lovejoy at quarter and Appleman at guard, are likely to start against Chicago.

It is probable that the attendance at the game will set a new record for Illinois field as the capacity has been increased to 18,000 and only a few hundred seats remain unsold. The homecoming festivities start this afternoon with the annual sophomore-freshman "rush."

E. M. Goodsell was an eastbound passenger this morning.

Little Hope Left for 21 Entombed Miners

By Associated Press Leased Wire. Amsterdam, O., Oct. 31.—After having been entombed 48 hours little hope is out that the 21 miners entombed in the Youghiogheny & Ohio Mine No. 2 here are still alive.

Rescue parties, working in relays, late last night were within 50 feet of where the trapped men were believed to be, according to company officials.

SAW STOLEN COAT ON ANOTHER WOMAN

While walking down a street in the business part of Sterling Tuesday afternoon, Miss Edith Patterson of that city saw another Sterling woman wearing a coat which she instantly recognized as one which had been stolen from her home two years ago, at a time when the house was closed while she was spending the winter in Florida. The wearer of the coat proved to be Mrs. Charles Modler who claimed it had been purchased by her husband and presented to her. A writ of replevin for its return was secured by Miss Patterson and the ownership of the article will be determined in proceedings in Justice Weaver's court next Monday.

SERVICE STAR LEGION MET—

On October 25th, the Lee County Service Star Legion, or Council of War Mothers, as the organization has been known, held an interesting meeting in G. A. R. hall. In the business session two sick members were reported by committee and one new member was admitted. Forty members were present at this meeting.

Mrs. Hettler, chairman of the Ways and Means committee spoke of the part the organization is to play in the coming Memorial Association Bazaar. The Service Star Legion is to have a booth of fancy work, the articles for which are to be taken to Rosbrook hall, not later than Saturday, Nov. 1. On Nov. 8 home cooked food will be sold from the booth.

Upon the program were two delightful numbers by Mrs. W. G. Kent, "God Remembers when the World Forgets," and a French song as an encore.

The president, Mrs. Tryon Rosbrook, and Mrs. E. G. Brenner gave very interesting reports of the second national convention of War Mothers held in Baltimore. Twenty-one states were represented at the convention held in the Emerson hotel in Baltimore and each delegate planted a tree in Druid Hill Park, Baltimore, in honor of the soldier dead of their state. Mrs. Rosbrook planted a tree for Illinois, Gov. Harrington, of Maryland, planted one for his state. Cardinal Gibbons sanctified the planting with a spade of earth.

Eric Wood, national secretary of the American Legion, presented a message from his organization, expressing a desire for mutual helpfulness with the War Mothers' Council, or Service Star Legion, to which the name of the organization was changed at the convention. The address of welcome was given by Gov. Harrington. Mr. Shankland, of Iowa, editor of the American Messenger, secured the convention for Des Moines, Iowa, next year.

Among the many interesting side trips taken by the delegates was the boat trip up the Chesapeake when four hundred fifty War Mothers entertained the incapacitated soldiers from Ft. McHenry, about 500 of them. A picture of the War Mothers and soldiers on this excursion was brought home and framed by Walter Preston, who has the gratitude of the society.

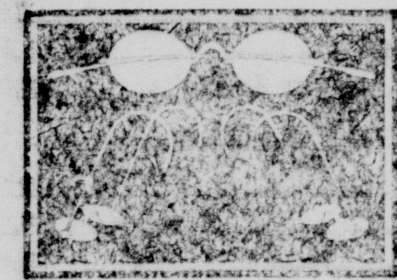

Mrs. Sarah Flannigan was chosen parliamentarian and Mrs. Robert Carleton Morris, of Maryland, national president.

This Man Intends to Keep It in the House

"In May or June, 1912, I sent to you and got four bottles which were worth many dollars to me. They enabled me to go to work again. I had lost 40 pounds, but these 4 bottles of May's Wonderful Remedy for stomach trouble gained back all I had lost and I feel like a new man since. I shall keep it in the house all the time." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Druggists Everywhere.

Rev. Ernest C. Lumsden, pastor of the First Methodist church of Dixon, read the service in the presence of a small company of relatives. There were no attendants.

The bride was charmingly gowned in white Georgette crepe and carried roses. Her sister, Miss Eva Lawton, played the wedding march. Palms formed a background for the ceremony and pink and white roses were the flowers used in the house decorations.

A four-course wedding dinner, with Mrs. Kinzey of Dixon catering, was served after the ceremony. Chrysanthemums and vines decorated the tables.

Among the guests were Mr. and Mrs. Herman Nelson, of Davenport, and Mrs. Clara Eyer, of Chicago. The others present were all from Dixon and Palmyra and included the relatives of the bride and groom.

The wedding trip was taken to Hastings, Neb. They will return to make Dixon their home.

Mr. Mueller is a clerk in the employ of the Borden company and but recently returned from a long period of service overseas. His bride is a young woman of charming personality and both have the highest esteem of a large group of friends.

DEGNER-EICH—

Ashton Gazette: The wedding of Miss Elvora Eich, eldest daughter of Mr. and Mrs. Charles Eich, of Bradford, and Daniel Degner, son of Mr. and Mrs. August Degner, of Bradford township, took place at the home of the bride's parents at 1 o'clock Wednesday afternoon in the presence of 175 guests. The wedding ceremony was performed by Rev. Henry Folsch, pastor of St. John's Lutheran church in this city.

The bride was dressed in georgette crepe, and the groom wore a dark suit. The bridegroom was attended by Miss Louise Eich, a sister of the bride, and Mr. Fred Rush as groomsmen. The living room was prettily decorated, the northeast corner of the room where the ceremony took place being decorated in pink and white and autumn leaves.

After congratulations a bounteous wedding dinner was served. Mr. and Mrs. Degner will make their home on one of the Aschenbrenner farms six miles southwest of Ashton.

CHURCH TO CELEBRATE—

St. James' church, Chicago, of which John Norton is organist and choirmaster, will celebrate its eighty-fifth anniversary on Sunday morning, Nov. 16, and on the Tuesday evening following the choir will have its thirty-fifth anniversary celebration. There are sixty voices in the choir. The cathedral chimes in the organ, presented by the choir as its anniversary offering to the

church, will be used for the first time on the church anniversary. Gade's cantata, "Zion," will be presented at the choir anniversary. These anniversaries are celebrated every five years. Dr. Clarence Dickinson, of New York, a former organist and choirmaster of St. James', will give an organ recital at St. James' church Thursday evening, Nov. 20.

Practical Bath Robes

That Meet All the Requirements of Fashion and Health

For, although to afford warmth and comfort are the main functions. Of these robes, beauty of material and of design have been given careful consideration, resulting in a showing from which the most fastidious may select a robe that will appeal to their sense of beauty and meet fully their individual requirements. The materials are heavy, soft and warm, and the colorings and designs are unusual and very attractive. We mention here only a few of the many styles we show.

COMFORTABLE BATH ROBE OF BEACON CLOTH. The long shawl collar is square at the back and is trimmed with fold of Messaline Silk in contrasting shade. Patch pockets and turn-back cuffs are trimmed, matching collar. Fullness is controlled at waist by tasseled cord passing through loops. Comes in several different patterns, sizes 36 to 44. Price \$9.00.

DELIGHTFULLY COSY IS THIS ROBE OF BEACON CLOTH—The large collar is pointed at the back, square in front and bound with Silk

to match. Sleeves have deep turn-back cuffs. This comes in many different colors. Sizes 36 to 44. Price \$8.00.

ANOTHER BATH ROBE OF BEACON CLOTH, which is very popular and comes in many different patterns. Has large square collar, turn-back cuffs and pointed patch pockets, all with Silk trimmings. Fullness is held at waist line by girdle cord. Sizes 36 to 46. Price \$5.00, \$6.00.

MANY OTHER PATTERNS IN BEACON CLOTH, with square and shawl collars. Prices ranging from \$5.00 to \$10.00.

WE ALSO SHOW A GOOD ASSORTMENT OF CHILDREN'S BATH ROBES, from 1 year to 16 year sizes, made of Beacon Cloth, and of Elderdown in the smaller sizes in a good variety of styles and colors. Prices \$1.75 to \$2.50 in smaller sizes and \$3.00 to \$6.50 in the larger sizes.

DAINTY NEGLIGEE GARMENTS OF CREPON, CREPE DE CHINE, SILK MULL AND FIGURED FLANNELETES, are shown in a very large variety, ranging in price up to \$15.00.

NO FIRESIDE MEDICATION.

Surgeon General Rupert Blue, head
of the United States health service, has
been issuing a series of addresses on
simple health topics. A recent one
dealt with the habit of self-drugging,
the fashion many people have of diag-
nosing their own illnesses and then de-
ciding what remedies they will employ.
"Don't!" says Surgeon Blue.

"Don't take unproven remedies.
"Don't take poisonous or habit-forming
drugs.

"Don't pour medicines of which you
know nothing into a boy of which you
know less."

In simple illness the home treatment
should deal with simple diet, exercise
and cleanliness without and within, but
beyond these no "fireside dosing." The
human body is a delicate and complex
machine, nobody should undertake
to repair it who does not understand it.
The home medication may be exactly
wrong, and prove fatal. Doctors are
cheaper than funerals.

The Indianapolis News suggests that
making I. W. W.'s kiss the American
flag is an awful thing to do to the
flag, with which we agree.

Begy's Mustarine Astonishes All

Money Back, Says Drug-
gists, if Begy's Mustar-
ine Isn't by Far the
Best Mustard Pre-
paration.

A Big Yellow Box for 30c

Ask your druggist to show you a box
of Begy's Mustarine; he and every other
druggist in America is authorized to re-
turn your money if it does not do as ad-
vertised.

Doctors have prescribed it for 20
years. It's the original, and best im-
provement on the old-fashioned Mustard
Plaster, and quickly stops rheumatic
pains, neuritis, neuralgia and lumbago
and instantly relieves tonsillitis, pleu-
risy and bronchitis.

Just rub it on, and over night away
goes sore throat, coughs and chest colds.
For sprains, swellings and all aches
and pains, it has no equal, while for
sore feet, nothing yet discovered can
compare with it. Its the quickest pain
killer on earth. Be sure its Begy's
always in the yellow box.

tender. There is a tendency to eruptions—
pimples, sores. What it needs is Remmo
Sterilized Toilet Soap.
This is why. Remmo Sterilized
Toilet Soap is positively pure soap. It
is made of finest and purest ingredi-
ents. Then—to keep it pure—to insure
purity it is sterilized at 198° Fahrenheit.
Remmo cleanses perfectly. Rich
creamy, soothing lather penetrates
down into pores of the skin—into cuts,
disinfects and dissolves accumulations
that cause so many skin disorders and
distress. A pure, healing soap that
removes impurities and germ life.
Leaves skin soft, pliable—looking and
feeling its finest.

Try it next time you shave. You must
use Toilet Soap. Why not the most
beneficial. It costs no more.

BISHOP P. J. MULDOON BOOSTS THE PAPERS

Catholic pastors were urged to co-
operate with the newspapers at the
semi-annual conference of Rockford,
Ill., held this week at Rockford,
with Bishop P. J. Muldoon presiding.
Good reading was the theme of the
conference and priests were told to be-
gin in the school to teach a love of litera-
ture. Every school must have a li-
brary it was decreed, and it was made
part of the duties of the examiners on
their tour of inspection to make a re-
port on the school library.

To Establish Libraries
Plans were also made for the estab-
lishment of parish libraries and money
for this purpose may be raised by spe-
cial collections, thru societies, by con-
tributions or, if necessary, may be taken
from parish funds.

Catholic ministers are more backward
about calling upon the newspapers than
their Protestant brethren, they were
told, and they were urged to make wide
use of the papers and to be more free
in extending aid to the press.
Arrangements were made by the re-
cent conference of bishops for the
launching of a national Catholic daily,
after the style of the Christian Science
Monitor. It is expected that the first
issue will appear in a short time.

French Impose Fine on Rioting German Town

By Associated Press Leased Wire
Mayence, Oct. 30.—(French Wireless
Service.)—Gen. Degoutte, the French
commander, has imposed a fine of 60,
000 marks on the town of Kaiserslautern
in the Saar region on account of re-
cent disorders in that locality fomented
by German political agents. One of the
agents is said to have been identified as
having created disturbances in various
non-occupied German towns.

The manifesto of Gen. Degoutte im-
posing the fine says the French authori-
ties will tolerate no movement of a
revolutionary character.

A dispatch from Paris Oct. 16, said
that during a demonstration at Kaiser-
lautern a French officer, commanding a
detachment, was seriously wounded.
The dispatch added that French soldiers
opened fire on the mob, killing one per-
son and wounding several.

PAYING FOR BALLOON ACCIDENT.

By Associated Press Leased Wire
Chicago, Oct. 31.—Helms of eleven vic-
tims of the falling of a balloon in the
business district here July 21 will re-
ceive \$70,000 from the Goodyear Tire
& Rubber Co., owners of the airship, it
became known today. Two death
claims remain to be settled.

Mrs. Loftus and daughter, of Rock-
ford, spent a few hours in Dixon yes-
terday visiting with their son and bro-
ther, who is confined in the county jail.

Assistant Attorney General George C.
Dixon is home from his office in Chi-
cago to spend the rest of the week with
his family.

BETTER TO FORM CHARACTER THAN TO REFORM IT

Easier to Train Boys Than to Restrain Them, Says "Y."

"We believe it is fairer to train a boy to do right than to restrain him from doing wrong and it is more business-like to form character than to reform it," said J. W. Cortright, chairman of the County Young Men's Christian Association of Lee county at the first annual county convention held at Amboy Wednesday evening. In spite of the almost impassable roads and a bad rain storm then in progress the attendance was good. Regrets were sent in from delegates from Ashton, Paw Paw, Franklin Grove and West Brooklyn who could not get there on account of the bad roads.

The annual report show that the associations of the county were organized in six towns among twelve groups of boys and young men with a membership of 332. This work is being directed by a county committee of fifteen men supplemented by twelve volunteer leaders. The total attendance at all the activities of the association was 2,622. Ten boys attended Camp Black Hawk, the county boys camp held in conjunction with McHenry and DuPage counties. One hundred and fourteen boys are being trained in committee service. Three young men have joined the church.

The following representative men were elected to the county committee for the ensuing year: J. C. Griffith, C. D. Sanders, of Ashton; W. L. Sheep, F. D. Lehman, of Franklin Grove; Keith Swarts, Fred A. Lawton, of Palmyra; Ira Currens, of Nachusa; Warren J. Leake, L. L. Brink, R. W. Ruckman and J. W. Cortright, of Amboy; Robert Pogue, W. T. Chaffee, of Paw Paw; C. T. Bittel, of Steward; Chas. W. Rose, of Lee Center; Jos. Nicholson, of West Brooklyn.

The speakers on the program included K. A. Shumaker, State Secretary of the Y.M.C.A.'s of Illinois; Otis B. Read, State Secretary of County Y. M. C. A. work, and the new County Secretary of Lee County, Chas. S. Minor, formerly the state student secretary of Indiana. The committee on recommendations was W. A. Green, of Amboy; Wm. S.

Frost, Jr., of Lee Center, and C. A. Entorf, of Amboy. Their recommendations to the convention which were adopted as read included the hearty endorsement of the work of the Lee County Y. M. C. A. as an established institution of the county and worthy of the time and the financial support of every citizen interested in the moral welfare of young men and boys. The committee also recommended a budget of thirty-five hundred dollars for the coming year.

AMUSEMENTS

"I LOVE YOU"

That a farce can be possessed of high laughing power without resorting to the suggestive amours of delinquent husbands and unfaithful wives, that it can thoroughly amuse without offering a blush with every smile, is amply demonstrated in "I Love You." He permits his pen to indulge in none of the shady innuendoes and thin-ice domestic episodes upon which so many of the farces of the past two seasons have been built. That such a departure is appreciated by the average playgoer is attested by the fact that practically every critic in New York and Chicago commented on the absence of vulgarity in "I Love You." The whole family can visit this play without fear.

CHIN CHIN

It is with a great deal of pleasure, in fact pride, that Manager M. E. Rice of

the Dixon opera house announces the coming of Charles Dillingham's greatest musical comedy success "Chin Chin" on Tuesday evening, Nov. 4.

This play appeared first at the Globe Theater in New York for two solid years, and is now on a transcontinental tour, touring the west for the first time. In the leading roles will be seen Walter Mills and Roy Binder, who come to us with the stamp of approval upon such productions as "The Wizard of Oz," "The Red Mill," "Hitchy Koo," etc. The company is accented to be the largest musical comedy aggregation on the road today, comprising sixty-five people, mostly girls and Tom Brown's famous Clown Saxophone band, Charles Dillingham's name is associated with the biggest and best theatrical enterprises, such as the Hippodrome and Globe Theater in New York; some of his latest productions are "Jack O'Lantern" with Fred Stone, "The Canary" with John Sanderson, and Joe Cawthorn, "Hip, Hip, Hooray" with 1,200 associates, and "Everything" which has surpassed all records at the New York Hippodrome during the season 1918-1919.

"Chin Chin" is a fantastic production, rich in Oriental and Old English costume, in seven acts, including the most startling surprises, ingenuity, trickery and grotesque dancing in plenty, afford-

ing an entertainment that is clean and wholesome, proving hilarious amusement for both young and old, which qualities are the making of and particular success of the theatrical magnate, Charles Dillingham.

Absolute capacity houses have greeted "Chin Chin" everywhere, therefore mail orders should be dispatched immediately to assure location desired.

Prevent Spanish Influenza By Anointing Nose

Prominent Middle-West Health Official Makes Important Announcement in Connection With Treatment of Bronchial Troubles.

If you really have Spanish Influenza do not attempt self-treatment with home remedies. Go to bed immediately and call a physician at once. But there are preventive measures which can prevent your being attacked by this malady. Men-Tho-Eze has proven efficacious in cases of the treatment of sore throat, la grippe, tonsillitis, bronchitis, colds and all troubles resulting from congestion of the lungs and bronchial tubes. Here is a plain statement on Spanish Influenza by the secretary of the Board of Health of a prominent middle-west state.

This physician maintains that Spanish Influenza is like sore throat, la grippe, tonsillitis, bronchitis, colds and similar troubles in that it is caused by infection of the nasal passages. He recommends preventing this—and hence, largely preventing Spanish Influenza and other maladies—by keeping the nasal membranes moist and pliable by means of some oily antiseptic application.

For such treatment Men-Tho-Eze is

ideal. The goose grease and turpentine in this preparation serve as an ointment, while the wintergreen and menthol form fumes which are breathed in to the lungs and bronchial tubes. This breaks the phlegm. The Men-Tho-Eze not only keeps the nasal membranes healthy and fit to throw off germs, but it quickly breaks up a cold which might develop into Spanish Influenza or some other serious trouble.

Men-Tho-Eze is a scientific combination of grandmother's old-fashioned goose grease and turpentine and the medical wisdom of China, which gave us wintergreen and menthol. It has proven a remarkable remedy for colds, croup and la grippe. Letters have been received from Spanish Influenza sufferers who have used Men-Tho-Eze with beneficial results.

Men-Tho-Eze should be in every home. An application in time will often save a doctor bill.

In opal jars, 50c and 60c. For sale by all druggists. Laboratory Address: Men-Tho-Eze, Fort Dodge, Ia.

TOBACCO HARDENS THE ARTERIES, OVERTAXES THE HEART AND SHORTENS LIFE

Says Dr. Connor, Who Suggests a Simple Test to Find If It Is Hurting You. Can You Stand It?

New York.—Dr. Connor, formerly of Johns Hopkins hospital, says: Hundreds of thousands of men who smoke and chew and who believe themselves healthy are suffering from progressive organic ailments. They would never have been afflicted had it not been for the use of tobacco and most of them would soon get well if they would only stop the use of tobacco.

The best known habit forming principal of tobacco is nicotine, but the most deadly and demoralizing is furfural. Both are deadly poisons, which, when absorbed in the system slowly, but surely, affect the nerves, membranes, tissues, vital organs and vitality of the body.

The harmful effect of tobacco varies and depends on circumstances and the individual. In some it causes general debility, others catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, cowardice and fear, mental confusion, etc. In others it causes heart disease, bronchial troubles, hardening of the arteries, palpitation of the heart, tuberculosis, blindness, cancer and the common affliction known as tobacco heart.

If you use tobacco in any form you easily detect its harmful effects by making the following simple tests: Read aloud a full page from a book. If your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of very serious catarrhal trouble. Next, in the morning, before taking your usual smoke, walk up

three flights of stairs at a regular pace, then stop. If you find that you are out of breath, if your heart beat is forced, trembling or irregular, you may be the victim of a functional or organic heart trouble. If you feel that you must smoke or chew to quiet your nerves, you are a slave to the tobacco habit and are slowly poisoning yourself with the insidious deadly drugs, nicotine and furfural. In either case, you have just two alternatives—keep on with your self-poisoning process regardless of the dangers, and suffer the consequences, or rid yourself of the habit and escape the dangers.

You can overcome the craving and stop the tobacco habit in a very short time by using the following inexpensive formula: Go to any drug store and ask for Nicotol. Take one tablet after each meal and in a comparatively short time you will have no desire for tobacco. The craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve.

Note: When asked about Nicotol, one of our leading druggists said: Nicotol is truly a wonderful remedy for the tobacco habit. It is way ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit. Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including the Public Drug Co.

National Legislation of the Meat Packing Industry

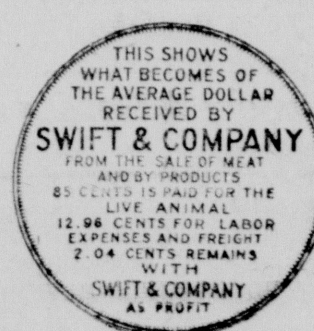

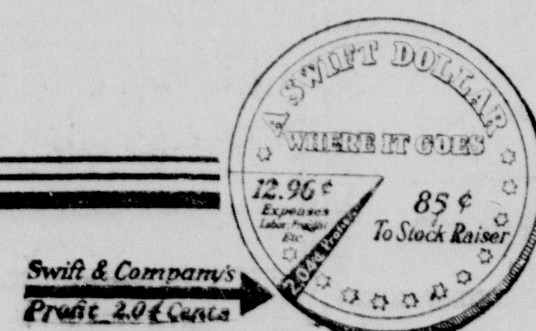

1. Will not increase the amount of meat you can buy for a dollar.
2. Will not raise more animals.
3. Will not produce more meat.
4. Will not stop fluctuations in live-stock receipts or prices.
5. Will not increase the output of the packing houses.
6. Will not prevent strikes.
7. Will not reduce transportation charges.
8. Will not reduce the retailer's cost of doing business.
9. Will not increase the demand for the cheaper cuts of meat.
10. Will not lessen the consumers' demand for expensive delivery and credit service.
11. Can not at the same time raise prices paid farmers for live stock, and lower prices paid by consumers for meat.

But the slowing up of efficiency due to cumbersome governmental routine will have the effect of increasing the manufacturing charges between the cost of live stock and the cost of meats, thus forcing lower live-stock prices or higher meat prices.

The packing industry as now conducted, is characterized by keen competition, highest efficiency, and unusually low profits.

CHURCH NEWS.

SCARBORO EVANGELISTICAL CHURCH
Rally day will be observed Sunday morning at the church and a good program has been arranged. The lateness of the observing of this day is due to the change of pastors. A portion of the program follows, beginning at 10:30 a. m. Reading by Miss Hannah Kugler, Song, "Sunbeams" by the School, Song by Ethel Riley and Helen Grove. Song by Four Girls, Song by Edith Louise Soltman, "I Belong to Him;" Recitation by Three Girls; Duet by Rev. and Mrs. Soltman, "I Am Happy in Him;" Mixed Quartet of adults; Reading by Mrs. Soltman, "Out to Old Mary;" Song by James Whitcomb Riley; Rev. Soltman will give a short address on "The value of the Sunday School." All the fathers and mothers of the community are asked to attend this service and bring the little folks. Mr. Geo. Yetter, superintendent of the Sunday school will lead the service. In the evening the pastor will have a special message. Every one is urged to remember the hour which will be 7:30 p. m. from now on.

EMMANUEL U. E. CHURCH
10:30 a. m., Bible School. O. E. Missman, Supt.
There will be no preaching services at this church as the pastor and the people will attend the South Dixon township Sunday School convention in the afternoon and evening at the St. James church.

A NEW WAY TO SHAVE

Usual Irritations Eliminated.
Barbasol Softens the Beard and Heals As It Shaves.

Chemistry has another feather in its cap. Now it makes possible the "smart-ness" shave.

The old scraping and pulling method of our grandfathers is replaced by an easy, pleasant method that even does away with the unsanitary shaving brush and the messy mug. Men who have tried this modern shaving preparation proclaim it the greatest discovery since shaving was invented. A remarkable ointment that heals the face and keeps it in the best condition at all times. It easily softens the toughest beard, yet will not harm the most delicate skin.

All druggists recommend Barbasol and most of them sell it.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

HAVE COLOR IN CHEEKS

B Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 70c and 25c.

BILIOUSNESS

Caused by Acid-Stomach

If people who are bilious are treated according to local symptoms the relief is very much better. Whatever relief is obtained is usually temporary. The cause of biliousness is acid stomach, and the chances are that the patient will remain so long and healthy. Doctors say that more than 70 non-organic diseases can be traced to an Acid Stomach. Biliousness is one of them. Indigestion, heartburn, belching, sour stomach, bloating and gas are other signs of acid stomach. EATONIC, the marvelous modern stomach remedy, brings quick relief from these stomach miseries which lead to a long train of ailments that make life miserable, if not corrected. EATONIC literally absorbs and carries away the excess acid. Makes the stomach strong, cool and comfortable. Helps digestion, improves the appetite and you then get full strength from your food. Thousands say that EATONIC is the most effective stomach remedy in the world. It is the help YOU need. Try it on our money-back 4-cent satisfaction guarantee. At all druggists. Only 50c for a big box.

MEMORIAL ASSN. FAIR OPENS TOMORROW

Those in charge of the arrangements for the bazaar to be given by the Dixon Memorial Association at Rosbrook hall tomorrow evening and every night next week, report increasing interest in the event, and there is a feeling of patriotism which promises the fair will be a financial success. Dancing will form the main diversion for those who attend the bazaar, and tomorrow evening should result in the hall being crowded to capacity. All the proceeds from the fair are to be used to care for the graves of soldiers, marines and nurses and to provide suitable Memorial Day exercises.

—Pay your carrier boy each week.

KEEP STRONG

One bottle of pure, emulsified Norwegian cod liver oil taken now, may do you more good than a dozen taken a month hence. It's more economical to give your body help before resistance to disease is broken down. A very little

SCOTT'S EMULSION

OF PURE NORWEGIAN COD-LIVER OIL

goes a long way in sustaining strength and keeping up resistance. Resolve that you will buy a bottle of Scott's Emulsion at your druggist's on your way home, and start protecting your strength.

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "S. & B. Process," a guarantee of purity and palatability unsurpassed. Scott & Bowne, Bloomfield, N. J.
